

The Journey to a Learner-Driven Classroom

SPRINGS HISTORY OF SUCCESS

For over 20 years, Springs has successfully served thousands of children with personalized K-12th grade programs in Southern California.

6 Schools | 23 Locations | 10,000 Students | One Mission

AREAS OF ACHIEVEMENT

Springs schools have had continuous K-12 WASC Accreditation since 2004

Springs schools have been granted every petition renewal over 20 years

Springs has a robust and well-run free and reduced meal program

High-level data warehousing and learning management systems to track student progress

Personalized Learning

Personalized Learning provides a spectrum of learning opportunities to ignite student engagement, reflect individual needs and interests, and create an environment of student ownership of growth and mastery.

Our Mission

Our mission is to **empower students** by fostering their innate curiosity, engaging their parents, and promoting optimum learning by collaboratively developing a personalized learning program for each student.

Personalized Learning Simplified

A common misconception is that teachers must personalize every lesson for every child. Instead, begin to personalize learning in these three areas.

01

Content

- What do you want your students to learn?
- What are they ready for?

02

Process

- How will you offer choice during the learning process?
- Perfect practice is work that is in the child's zone of proximal development "sweet spot."

03

Product

- How will students demonstrate their understanding?
- Be creative and allow students to use their strengths.

Expansion to Rutherford County, IN

Overview

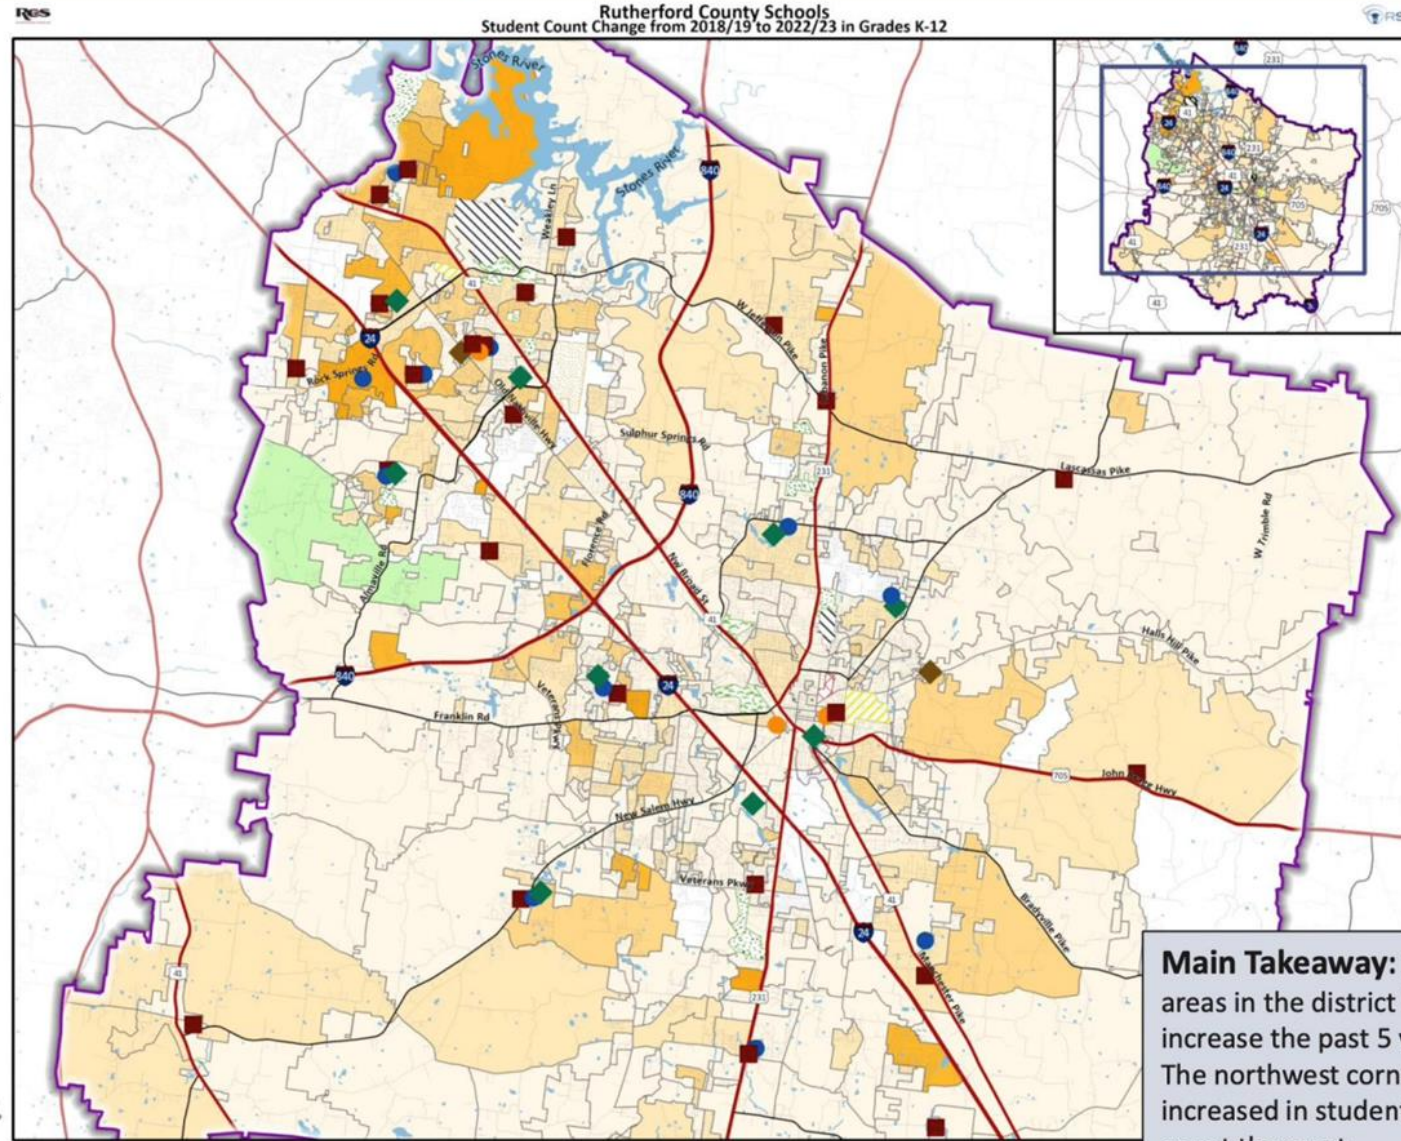

- Approved 10 Year Charter Term
 - 2024-2034
- RCS 50,000+ Students
 - Growing Annually 2-3,000
- Residential Growth Boom
 - 826 single family and 226 multi-family homes built in 2022
 - 35,800 are expected to be built within the next 5 years

Student Count Change Map

- Elementary Schools
- Middle Schools
- ◆ High Schools
- Magnet Schools
- ◆ Alternative Schools
- Airport
- Cemetery
- College
- Golf Course
- Nissan Plant
- Park & Recreation

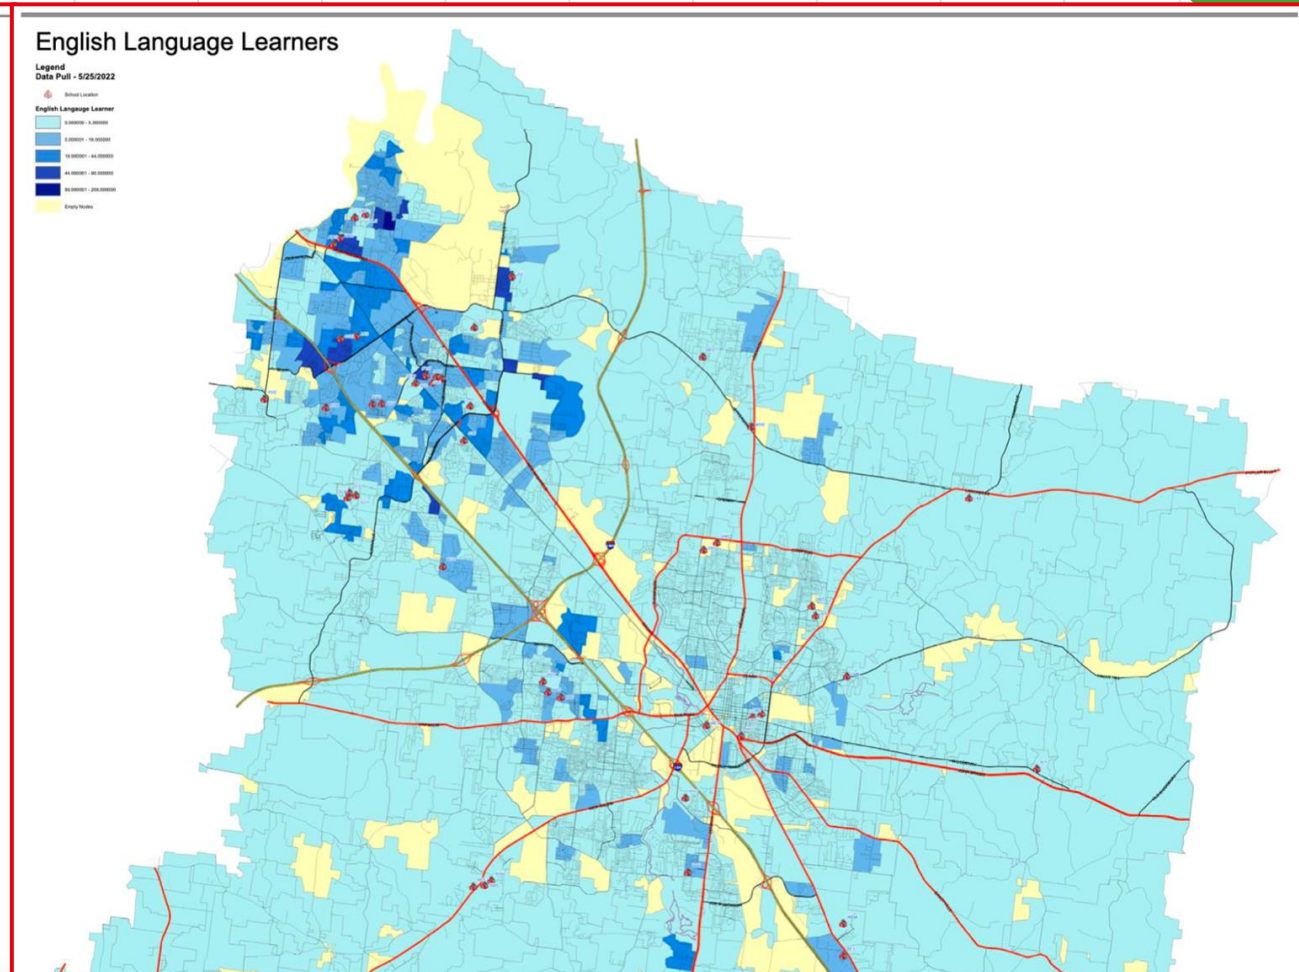

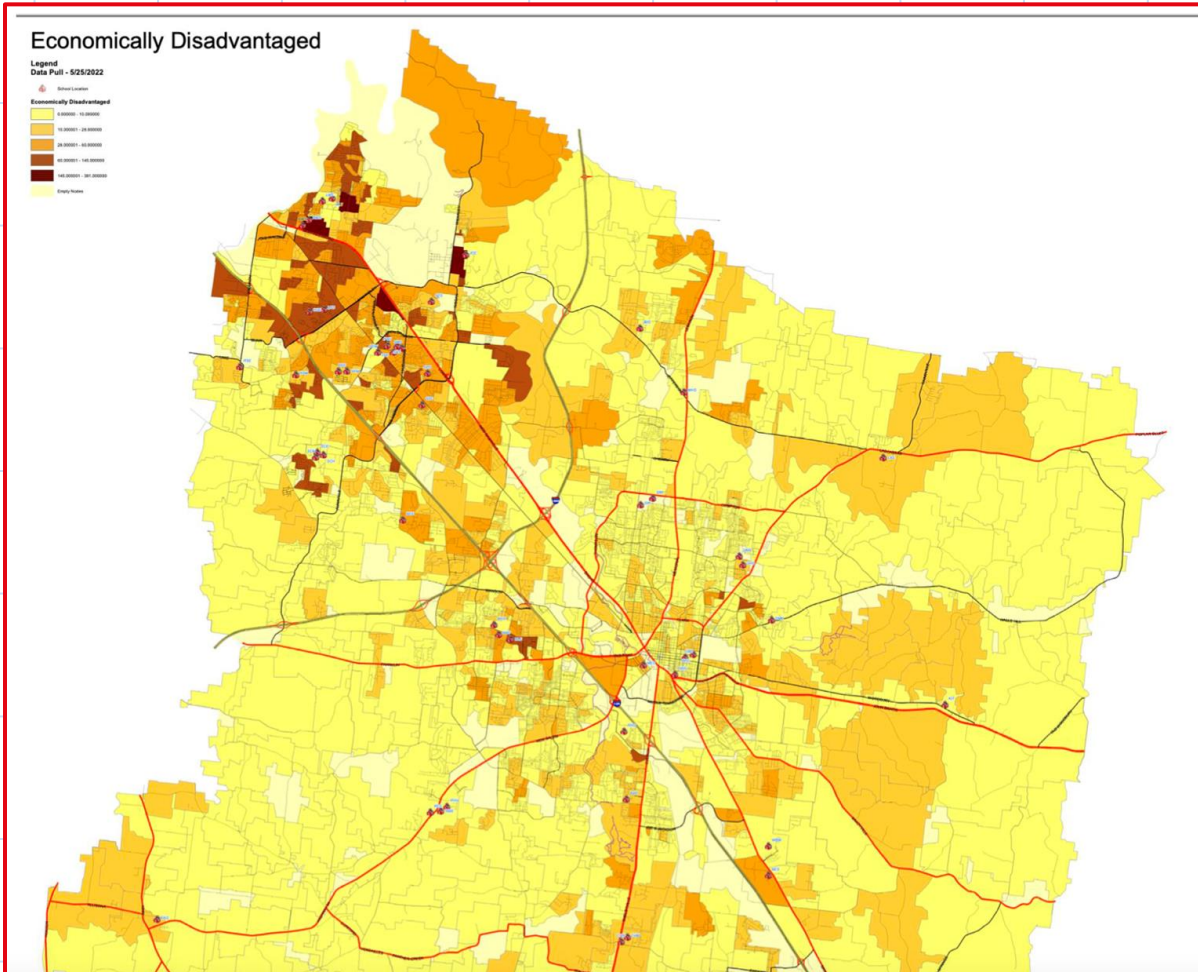

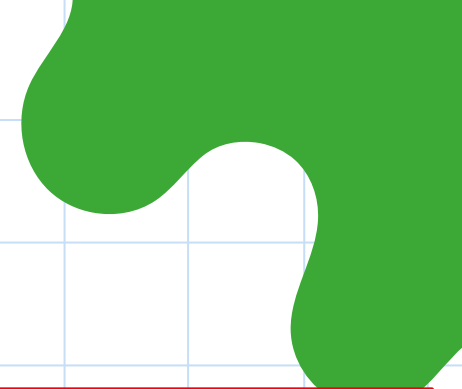

Count Change is the number of students in 2022/23 subtracted by the number in 2018/19 in each Planning Area.

Main Takeaway: Most areas in the district have increase the past 5 years. The northwest corner has increased in student count the most.

Map data provided by Rutherford County Schools, Cities of Eagleville, La Vergne, Murfreesboro, and Smyrna, Rutherford County, State of Tennessee, and ESRI/GIS. Map created by RSP & Associates in November 2022.

Meeting the Needs of ALL Students

Current Outreach

We have seen significant engagement from parents and other supporters. By hosting parent information nights, engaging on social media in English and Spanish, and issuing surveys across the community, we've garnered:

- 46,000+ accounts reached on Facebook and Instagram
- 1,854 link clicks to find out more information
- Enrollment will start December 2023
 - K-5 2024-25 School Year
 - Applications open "first come, first serve"
 - If applications exceed spots, a lottery will be held
